

Number the Measures

Number the measures by putting the appropriate number in the box above the measure.

A musical score in 4/4 time with two staves. The first measure contains a whole note in the treble clef and a whole note in the bass clef. The second measure contains a whole note in the treble clef and a whole note in the bass clef. The third and fourth measures are empty. Above each of the four measures is an empty square box for numbering.

These are whole notes. Notice how they are placed under the measure number boxes.

Draw a whole note in each measure under the measure number box.

A musical score in 4/4 time with two staves. The staves are empty. Above each of the four measures is an empty square box for drawing a whole note.
